

Drug and Alcohol Free Policy

The Auguste Escoffier School of Culinary Arts- Boulder recognizes its responsibility as an educational institution to promote a productive and healthy environment. This responsibility demands implementation of programs and services to facilitate that effort.

PURPOSE

AESCA Boulder is committed to a program to prevent the abuse of alcohol and the illegal use of drugs and alcohol by its students and employees. As part of this commitment AESCA will strive to provide meaningful, entertaining, and educational alcohol awareness information as well as information on illegal drugs. The AESCA Boulder program includes this policy which prohibits illegal use of drugs and alcohol in the workplace, on school property or as part of any school sponsored activities.

Policy

1. Requires all students and employees to abide by the terms of this policy as a condition of initial and continued enrollment/employment.
2. Recognizes that the illegal use of drugs and alcohol is in direct violation of local, state and federal laws as well as school policies set forth within this policy.
3. Strictly prohibits the illegal use, possession, manufacture, dispensing, or distribution of alcohol, drugs or controlled substances in the workplace, on its premises, or as a part of any school sponsored activities.
4. Considers a violation of this policy to be a major offense, which may result in requirement for satisfactory participation in a drug or alcohol rehabilitation program, referral for criminal prosecution, and/or immediate disciplinary action up to and including termination from employment and suspension or expulsion from the school. A criminal conviction is not required for sanctions to be imposed upon an employee or student for violations of this policy.
5. Recognizes that violations of applicable local, state and federal laws may subject a student or employee to a variety of legal sanctions including but not limited to fines, incarceration, loss of driver's license, imprisonment and/or community service requirements. Convictions become a part of an individual's criminal record and may prohibit certain career and professional opportunities.
6. Requires an employee to notify the Campus President in writing of criminal charges for drug or alcohol related offenses occurring in the workplace no later than five calendar days following the charge(s). Additionally, any employee convicted of a drug or alcohol related offense which occurred in the workplace is required to notify the Campus President in writing within five calendar days of such conviction.
7. Provides referral assistance for counseling services, access to AESCA Boulder's **Employee/Student Assistance Program or the Student Resource Service, and referrals for employees/students to counseling services/programs** that inform students and employees about the dangers of drug and alcohol abuse. Voluntary participation in or referral to these services is strictly confidential.
